Friend,

After illegally deploying National Guard members to Los Angeles and Washington D.C., Trump is planning to invade Baltimore, Chicago, and Oakland. One thing they all have in common? *They're led by Black mayors.*

But here's the truth: **Black mayors are drastically reducing homicide rates, investing in communities, by effectively reimagining public safety.**

Meanwhile, the Trump Justice Department claims to care about safety, while they slash over \$1 MILLION in funding that Congress earmarked for community anti-violence measures.

The Trump administration is militarizing the policing of Black communities to generate fear, intimidation, and oppression.

[SIGN OUR THANK YOU CARD: Despite threats from the federal government, Black mayors continue to deliver results on public safety. At a moment in history where hate and political violence is on the rise, we're focusing on the changemakers. Join the NAACP in saying thank you today!](#)
