Hosted by Queen City Robotics Alliance

Join the 2025 Space Apps Challenge Charlotte

Help to Solve Real-World Challenges On Earth & In Space

Join the 2nd Charlotte NASA Hackathon!

The NASA Space Apps Challenge is a global hackathon that fosters collaboration, creativity, and critical thinking. The 2025 theme is **"Learn, Launch, Lead,"** and we're inviting current and future innovators, coders, scientists, and dreamers to tackle real-world problems and develop creative solutions.

Participants of all ages and backgrounds will work in teams to solve challenges using NASA's open data—promoting STEM education, teamwork, and community engagement.

Whether you're looking to test your skills, explore new ideas, build a team, or just have fun, the NASA Space Apps Challenge offers something for everyone.

Contact us at: info@spaceappsclt.org
