I won't sugarcoat it, friend: **Tonight's EOQ deadline is hours away, and we're at risk of falling short of our \$275,000 goal by just \$50,000.**

Authoritarian leadership has infected the government and is now threatening to use our cities as "training grounds" for the military. The NAACP isn't just writing strongly worded letters, *hoping* these extremists see the light.

We have the formula, the strategy, and the resilience to defeat extremists. Why? Because we've done this before. The NAACP was born out of challenges like this, and we will never back down.

We're on the ground, filing lawsuits to block racially gerrymandered voting maps, launching town hall programs and mobilization campaigns ahead of the November elections, and fighting for our constitutional rights.

[Friend, with so much at stake and only HOURS left to close this crucial funding gap, I'm coming to you directly. Please make a generous donation before midnight!](#)
