Friend,

Trump's funding proposal at the core of this government shutdown is just another part of Project 2025. If passed by the Senate, the impacts on our healthcare system would be devastating.

The proposed cuts to the Affordable Care Act and Medicaid would strip four million Americans of their healthcare and 20 million people would see their premiums increase by 75 to 100%.

We cannot let inhumane government cuts hurt the most vulnerable Americans.

[NO HEALTHCARE, NO VOTE: Join the NAACP and our grassroots network as we keep the pressure on Congress. Leaders must not vote for any government funding proposals that don't include extending the Affordable Care Act's Enhanced Premium Tax Credits. The strength of the United States lies in our unity. We cannot allow ourselves to be divided by health.](#)
