Democracy wins!

Friend,

Across the country, voters made one thing clear on Election Day: we will not be silenced.

From the passage of California's Proposition 50 to major victories in Virginia, New Jersey, and Michigan, this election proved that when fairness is on the ballot, the people win. The NAACP trained thousands of volunteers, reached six million voters through calls, SMS, and door-knocking, invested \$350,000 to units and partners, spent three-quarters of a million dollars on GOTV efforts, and fought in court... all to protect democracy. The people of this nation won.

Black voters once again led the charge for progress, electing women — particularly Black women and people of color — to secure fairer representation nationwide.

But our work is far from over. Americans are suffering under this Administration's policies of cruelty — from an economy in decline to attacks on affordable healthcare and food access. That's why we're already focused on 2026, mobilizing voters and pushing for policies that uplift all communities.

Together, we're proving that democracy only works when we do.

As we prepare for the 2026 midterms, visit naacp.org/vote to stay informed and keep fighting for a democracy big enough for all of us.

Keep Advancing,

Derrick Johnson
