Dear Carolina Youth Coaliton Family and Friends,

We're #FIREUP to share that Honeywell and the Carolina Panthers have launched a season-long celebration of community innovators, and CYC is one of the 2025 honorees! During each home game, Honeywell is honoring organizations that use innovation and technology to drive meaningful change in their communities. We're proud to be recognized for our work in empowering first-generation college students through mentorship, career readiness, and access to opportunity.

NOW, we need YOUR vote!

🏈 Voting is now open through **December 22** to determine the Community Innovation Award Champion. The winning organization will receive a grand prize grant of \$20,000 from Honeywell and the Panthers to continue their impact.
