Friend, here's what really happened in Texas and why the NAACP will never stop fighting white supremacist power grabs:

The Trump Administration demanded Texas redistrict congressional seats based on their racial makeup to maintain control of Congress in next year's midterm elections. Texas lawmakers immediately jumped on board and began restructuring and erasing districts with Black and Brown majorities.

In response, the NAACP joined forces with the League of United Latin American Citizens to protect Black and Brown representation. *Texas's actions are the definition of racial gerrymandering. We recognized it and so did the court!*

This is why we do what we do. These are the battles that gave birth to the NAACP 116 years ago.

[Since the NAACP's landmark victory in the Supreme Court in 1954 with *Brown v. Board of Education*, we have continued to fight for democracy for all in court. That's why your partnership is more important than ever! These attacks aren't slowing down. We're seeing more every day. Join our coalition of freedom fighters by donating today >>](#)
