Friend,

Under this administration, the economy is failing everyday Americans. Black women have been hit the hardest having lost more than 300,000 jobs since Trump took office. Gainful employment is disappearing, wages aren't keeping up, and families are being squeezed from every direction.

Grocery prices are higher than ever. Rent, utilities, and childcare costs continue to rise. Meanwhile, Trump has chosen to cater to billionaires and corporate interests, pushing tax breaks and policies that leave working people paying the price.

Meanwhile, this administration does little to address affordability, worker protections, or economic stability claiming all concerns to be a new hoax.

This is not an economy that works for us.

So we need to hear directly from YOU!
