Thank you
for helping create a brighter future for all

As 2025 comes to a close, we at Goodwill want to express our heartfelt gratitude for your support! Whether you shopped in our stores, donated gently used items, hired one of our graduates, made a financial contribution, or partnered with us in a different way - your support empowered us to help people in our community train for and find employment so that they can better support themselves and their families. Together, we've made a meaningful difference, and we look forward to continuing this journey with you in the year ahead.
Thank you for being an essential part of our mission!

A FEW 2025 SUCCESS STORIES

"The support I have received through Goodwill's Pathways program has helped me grow not only academically and professionally, but also personally. Beyond achieving my college degree and becoming an American citizen, it has helped me become more self-aware and work on areas of personal growth. Today, I feel like a completely different person because of that."

"I had no money, but I knew that I had to study or go to school. I found Goodwill's Construction & Trade Skills training program, and it was free. It was the perfect first step. I'm so thankful for the work you do and for the opportunity you gave me."

"Goodwill came in at the perfect time. They helped me keep working while I was dealing with everything else. Without them, I would've been out of a job. They had the perfect job, perfect location, perfect pay. I knew I had to land it. It felt like it was meant for me."

"I joined Goodwill's Pathways program to help me build the confidence and develop the leadership skills that I needed for this role. I've gone from a part-time Cashier to Shift Lead, and now to Assistant Manager."

"I was kind of stuck. I wasn't sure what my next move was. In the HVAC program, I read the whole textbook, cover to cover. This is what I want to do as a career, and I didn't have to worry about paying for school or going into debt."

"I've used Goodwill's services many times when I was job searching. Every time something happened, I knew I could go there and get some help. Imagine going through hardships and then having to pay for services. Goodwill is one place where money doesn't matter. I'm so thankful."
